

JETBOY

Safe and ergonomic work with high pressure water

The JETBOY enables work almost without fatigue. This results in a noticeable increase in work rate.

Mechanical assistance for manual gun work on

- Ceilings, supports (bridges, multi storey car parks)
- Floor surfaces (removal of expansion joints and markings)
- Hard to reach areas for border preparation

Overhead cleaning and removal operations

Manual blasting gun work

Reaction force free working with JETBOY device. The reaction force (N) is taken by the water tool fitting device.

Cleaning and removal operations on the floor
